

## Performance Summary

- The DigitalX Bitcoin Fund and the DigitalX Fund saw impressive 12-month gains (net of fees, after tax) of **68.01%** and **238.28%** respectively, during the 12 months to 31 December 2021 despite a significant volatility in the market in recent months.
- The DigitalX Fund continues to achieve superior returns to the Eureka Crypto Hedge Fund (ECHF) Index during both bear and bull markets (YTD Performance of 238% vs 122%).
- Both funds have outperformed more traditional asset classes by a significant margin over the period.
- Many competitor funds that actively trade, utilise derivatives and hold low market cap coins (sometimes with low liquidity) have underperformed DigitalX's relatively lower risk, conservative long only large cap strategy.
- DigitalX is the only listed Australian digital asset funds management company.
